

MY UW REPORT

MY UNDERWRITING REPORT (MYUWRPT)

A digital solution for the collection of Property Insurance underwriting information

BUSINESS RISK MANAGEMENT SERVICES
Risk Management Services to the Insurance Industry

MY UW REPORT

VALUE PROPOSITION

- Uses technology to assist in better presenting relevant underwriting information to facilitate a timely assessment of risk and response from the insurer
- Simple and easy to use
- Survey would take less than 20 minutes
- Many information collection tasks are automated ie uploading of Google Maps
- Reports could be emailed from factory gate
- Facilities to upload 18 photos and they provide profile of operations, layout, standard of fit out etc that could be useful in the event of a claim.
- Option to dictate text into text fields and if that was used , no typing required
- Outputs 45 page professional , high quality reports.
